## Re: Online Homework

Dear Parents/Carers

You may remember a few weeks ago, every child in school was set a piece of online homework to complete on the school website. A big thank you to all the families that have completed this – teachers have provided individual comments so please do log back in to read your child's feedback.

We are aware that some families have found this task difficult for various different reasons, and we thank you for taking the time to feed this back to us. As I'm sure you are aware, due to COVID-19 schools have had to make a number of large changes to our usual practise to ensure we can provide the best education both for children in school, and remotely for those that may be required to self-isolate. This new way of working will take us all some time to get used to, and there will, no doubt be difficulties faced, but we are now required to have remote "online" learning in place so it is important that we work together to make this possible.

In light of the above, can I please give a polite reminder to families that are able to complete the online homework, to do so as soon as possible? If you are **unable** to access the online homework, please speak to your child's class teacher.

Many Thanks for your continued support with this new way of working,

Mrs King

**Computing Coordinator**
